Newell Barney Parents and Students,

This morning before the start of classes, Newell Barney Junior High was placed on lockdown. The sheriff received a tip and the school went into a lockdown for precautionary purposes. The sheriff's office investigated and found the tip to be unsubstantiated. The students and staff are safe.

While in lockdown, some buses were either delayed or routed to another campus. As soon as the sheriff's office took the campus off of lockdown, the students were returned to school.

The staff at Newell Barney followed all procedures today and did a great job in keeping the students of Queen Creek safe.

Sincerely,

Denise Johnson

Principal
