QCUSD  
3rd-5th

School Safety  
and Security

ALICE

Safety, Empowerment,  
Preparedness

## ALICE is...

- X A set of proactive strategies that provide options for everyone to be safe
- X Showing schools how to respond to intruders
- X NOT sequential

**A** = Alert

**L** = Lockdown

**i** = Inform

**C** = Counter

**E** = Evacuate

## A= Alert

- X To be alert, we use our eyes and ears to notice anything out of the ordinary
- X When we see something out of the ordinary, we ALERT an adult/teacher.
- X All individuals entering our school need to wear one of the following:
  - Visitor sticker OR
  - School district ID badge

## L= Lockdown

- X When there is an intruder in our school building, an adult/teacher will decide to either :
1. Have students find a safe route to evacuate the building OR
  2. Remain in the classroom, go into lockdown and barricade the door.

## I= Inform

- X We are all empowered to keep our school safe
- X If you see something that doesn't seem right and causes concern, inform an adult/teacher right away.
- X If you are aware of an intruder in the building, make sure you are safe before informing an adult.
- X When telling an adult/teacher, use clear language to communicate important details regarding the intruder.

## C= Counter

- X Counter (distracting the intruder) is done as a last resort if an intruder gets into the classroom.
- X Distracting an intruder might include throwing items, making noise and not staying in one place.
- X During this distraction, get away from the danger and evacuate the building to a predetermined rally point.

## E= Evacuate

- X When we decide to evacuate from a classroom, follow the adult/teacher's directions to find a safe exit from the building.
- X If you are not in the classroom, use the safest quickest route to exit the building
- X Once outside, run to the rally point.

thanks!

Any questions?
