

# Accessing QCUSD Parent Portal in e-IEPPRO

The Parent Portal in e-IEPPRO allows you to view your student's:

- Evaluation/MET (Most Recent, Locked)
- IEP (In-force, Locked)
- Meeting Notice (Most recent locked)
- Prior Written Notice (Most recent locked)
- Progress Reports (Embedded in locked IEP)
- 504 Plans

Steps to view your student's records

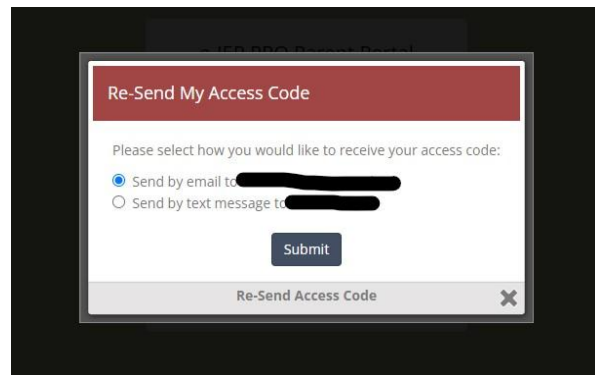

- Go to <http://www.e-ieppro.com/qcusd/ParentPortal/>
- Enter your email address – it must be the same email address on file with the school your student attends
- Enter the access key sent via the e-IEPPRO system
- This access key will remain the same for the school year

What do I do if I don't receive an email with the access code and/or I forgot the code:

- Check your spam/junk folder
- Click on 're-send access code'. If a cell phone is indicated in on the student profile page it will give you an option to email or text access code.

The screenshot shows the 'e-IEP PRO Parent Portal' login interface. It includes a 'Step 2 >>' heading and a prompt to 'Please enter your access code below:'. There is an 'Access Code:' input field, a large red 'ENTER' button, and a yellow 'Re-send Access Code' button. The footer indicates it is 'Powered by MediaNet Solutions, Inc.'.

The screenshot shows a 'Re-Send My Access Code' dialog box. It asks the user to 'Please select how you would like to receive your access code:' with two radio button options: 'Send by email to' (selected) and 'Send by text message to'. Both options have redacted contact information. A 'Submit' button is present, and a 'Re-Send Access Code' button with a close icon is at the bottom.

Contact your student's case manager if you have any questions or difficulty accessing your student's records.
