### What is The Kite Runner ?

*The Kite Runner* is a novel published in 2003 and met with critical and commercial success, with many citing the storyline of friendship and redemption, flawed characters, and exploration of Afghan culture as draws of the book.

The plot of *The Kite Runner* is primarily about Amir and Hassan's relationship: their friendship, and eventual betrayal due to Amir's cowardice, and Amir's redemption via rediscovering bravery for Hassan's sake. There are three parts to the book; the first is set in Kabul during Amir and Hassan's childhood, the second covers Amir and Baba's move to the United States, and the third covers Amir's return to Afghanistan.
